Pam Bender provided legislative updates from State SELPA Administrators Meeting. She said there are no updates until new legislation is in effect on January 1, 2023.

Pam announced moving to Special Education Information System (SEIS) was approved by CAHELP Governance Council. She said Colette Garland has begun working with a SEIS consultant in putting together the timeline for training the CAHELP JPA program specialists and staff then providing the training to the LEA staff. Pam continued that the plan is to have everyone trained so that the new school years starts with all LEAs using SEIS.

Pam continued that the CALPADS certification deadline is December 16, 2022. According to CALPADS Flash 244 from November 30, 2022, adjustments were made for known errors to reflect as warnings. Pam reported that effective December 20, 2022, those warnings will return to errors then the process will move on toward second certification.

Pam then reported on the implementation of tracking of provided service minutes. She said she will have more information as well as a PowerPoint to share at the January 2023 Steering and Finance Committee meeting. She said the federal government found California Department of Education (CDE) was not adequately collecting data regarding Individualized Education Plan (IEP) implementation. In response, CDE was ordered to develop an annual data collection plan speaking directly to the performance of providing all services promised on the IEP. Pam said starting in Spring 2023, CDE will randomly choose 10% of an LEA's special education population to review 60 days of services. The LEA will compile the service minutes then calculate the total service minutes for each of the identified students. Pam stated the superintendent will sign off that the that the sample is accurate then forward it to Desert/Mountain Charter SELPA for the CEO's signature who will return the document to the LEA to submit to CDE. This process could be added to the monitoring process. She continued that CDE will look at three separate areas: students who receive 95-100% of services, students that receive 90-94.9% of services, and those that receive less than 90% of their services. IEP service minutes can be documented several ways including service logs, sign-in sheets, documentation or notes on progress. For service providers working in Medi-Cal billing systems such as occupational and physical therapists using NetSmart, the services minutes from those systems can be used. Pam reported that attendance can be used for students that are in a self-contained classroom for specialized academic instruction (SAI) services. Each LEA is responsible to ensure they are providing the service minutes. If a student missed services due to absence including field trips or school function, those service minutes do not have to be provided. However, if the service provider is absent, the service minutes must be made up and that must also be monitored and documented. Pam stated there is a small workgroup at the State SELPA level looking at best practices as well as challenges and considerations for implementation that will be in communication with CDE. She continued that service tracking will be separate from CALPADS and will not be submitted to that system. CDE may request backup documentation proving service minutes were provided. Pam reminded the committee members that LEAs should already be tracking the information. She said she will present a PowerPoint at January Steering meetings that will be as up to date as possible.

7.2 Alternative Diploma Update

Pam Bender provided an update on the alternative diploma. She said in January, she will be sharing a PowerPoint pertaining to Assembly Bill (AB) 181. AB 181 was passed and became effective in June 2022 and pertains to an alternative diploma for students with significant cognitive impairments which means the students who have or will be taking the California Alternate Assessments (CAA). Pam said the requirements are that the student must meet the state's minimum course requirements based on alternative achievement standards. She continued that LEA board policies will have to change moving forward because there will be different requirements from the standard high school diploma. Pam stated the alternative diploma will not end a student's right to free appropriate education (FAPE) and the student will continue to have the right to return to school for education through age 22. Before a student enters 10th grade, it needs to be determined if they are eligible to receive an alternative diploma under California Education Code 51225.3(1) which states it must be provided in the IEP that the student is taking or has taken the CAA in 11th grade and must be able to complete state standard aligned coursework although modified to the alternative achievement standards that are specified in California Education Code. Pam said it will be a narrow subgroup of students because CAA is for only 1% of the special education population. She continued that CDE has not provided direction even though it has been law since June 2022. The alternative diploma is for students who were commencing 10th, 11th, or 12th grades during the 2022-23 school year. An IEP meeting would be needed to discuss the alternative diploma requirements for a student. Pam also stated each LEA will need to review their graduation policies and decide how to make accommodations for those students with the most significant disabilities.

Linda Llamas presented the Desert/Mountain Children's Center Client Services monthly reports and updates. She asked to be contacted with changes to the reports and/or questions.

Heidi continued the next Community Advisory Committee (CAC) meeting is scheduled for February 23, 2023. At that meeting, representatives will be selected for chairperson and vice chairperson. Heidi asked for nominations to be emailed to her.

Heidi added there will be a Special Education Directors Training on February 24, 2023. The topic will be overidentification and overrepresentation in special education. The training will be provided by the D/M SELPA Equity Disproportionality and Design team.

7.6 Resolution Support Services Summary and Update

Kathleen Peters presented the D/M Charter SELPA's Resolution Support Services Summary and update. She shared there is currently a charter school that has a family filing for unilateral placement reimbursement even though the child does not qualify for special education. If needed, Kathleen's team will file to defend the decision of the school and the program and that it does not meet the child's needs. Kathleen then shared an article from *The Special Educator* titled *Decisions & Guidance*. The article addresses when students are unsuccessful in controlling or changing behaviors, offering a minimum day is not appropriate as a means of Free Appropriate Public Education (FAPE). Kathleen asked the directors to read the article in detail if they have not already done so.

Kathleen then reviewed a recent case filed against Stockton USD with two issues. The first was the IEP meeting being held without a parent. The parent gave verbal permission on the phone to hold the meeting without them then signed a letter stating the same. However, the school had no documentation that they had attempted to accommodate the parent with meetings via phone, Zoom, and/or in-person with different dates and times. It is not until all alternatives have been exhausted that the meeting can go forward without a parent or representative. Kathleen said the second issue was that goals were not written in such a way to show meaningful growth on the part of the student and present levels did not match the goals. Kathleen stressed that goals need to connect directly so progress can in fact be measured.

Kathleen highlighted *Core Communication Skills* training on February 2, 2023 presented by David P. Dowling that will be held in-person. She also shared *Conflict Prevention and Resolution Through IEP Meeting Facilitation* is scheduled for March 13-14, 2023 with Key2Ed presenting.

Kathleen then reported the Council of Administrators of Special Education (CASE) is offering a virtual winter workshop February 8-10, 2023 titled *Deciphering Dyslexia Through a Special Education Lens*.

She added that D/M Charter SELPA staff are available to help with the review and CDE mandates each step of the way.

Colette Garland added that for the transition to SEIS, she has reviewed the IEPs that are due by between July 1, 2023 and August 15, 2023. She asked for the IEPs to be completed before June 30, 2023 while still in WebIEP. Colette said there are about 14 throughout the Desert/Mountain Charter SELPA and she will email the specific special education directors regarding those.

Marina provided the current balances for each LEA and reviewed the instructions for submitting activities and expenditure reports. She encouraged the committee members to review the plans and told them if they have activities that have already posted to their financial reports, they can go back and claim the expenditures as well. Marina concluded that if the funding is not spent, it must be returned to CDE.

FISCAL REPORT

PUBLIC EDUCATION'S POINT OF REFERENCE FOR MAKING EDUCATED DECISIONS

Teleconference Location Flexibility Bill Signed

BY KYLE HYLAND

Copyright 2022 School Services of California, Inc.

posted September 16, 2022

On Tuesday, September 13, 2022, Governor Gavin Newsom signed [Assembly Bill \(AB\) 2449](#) (Rubio, B., Statutes of 2022) into law, which makes changes to the teleconferencing requirements under the Brown Act.

Existing law requires local agencies, including local educational agencies (LEAs), to post agendas at all teleconference locations, requires each teleconference location to identify the notice and agenda of the meeting, and requires each teleconference location to be accessible to the public. AB 2449 changes the law by allowing members of local agency legislative bodies, including LEAs, to use teleconferencing, under specified circumstances, without noticing each teleconference location or making it publicly accessible, provided that at least a quorum of the members of the body participates in person at a singular physical location.

In order to utilize this flexibility, the physical location where the quorum of members reside must be open to the public and situated within the boundaries of where the local agency exercises its authority. The legislative body must also comply with all of the following requirements:

- Provide a two-way audio-visual platform or a two-way telephonic service and a live webcasting of the meeting by which the public may remotely hear and visually observe the meeting as well as remotely address the legislative body
- Give notice of the means for the public to access the meeting and offer public comment in each instance the legislative body notices the meeting or posts the agenda
- Identify and include an opportunity for all persons to attend and address the legislative body directly via a call-in or internet-based service option, and at the in-person location of the meeting
- Provide an opportunity for the public to address the legislative body and offer comment in real time

AB 2449 stipulates that a member of a legislative body that wishes to participate remotely pursuant to the provisions of the bill may only do so under “just cause” or “emergency circumstances.”

In order for a member to use the “just cause” rationale, they must notify the legislative body at the earliest opportunity possible of their need to participate remotely and provide a general description of the circumstances relating to their need to appear remotely. A member can only use the “just cause” clause twice in a calendar year, which is defined as any of the following circumstances:

- Childcare or caregiving need that requires them to participate remotely
- A contagious illness that prevents a member from attending in person
- A need related to a physical or mental disability not otherwise accommodated
- Travel while on official business of the legislative body or another state or local agency

In order for a member to use the “emergency circumstances” justification, they must request the legislative body to allow them to participate in the meeting remotely due to an “emergency circumstance” and then the legislative body must subsequently take action to approve the request. The bill defines an “emergency circumstance” as a physical or family medical emergency that prevents the member from attending in person. The legislative body must request a general description of the circumstances; however, this description does not need to exceed 20 words, nor does it require the member to disclose any medical diagnosis or disability, or any personal medical information that is already exempt under existing law.

Since AB 2449 is not an urgency measure, its provisions do not take effect until January 1, 2023. This means that your LEA cannot utilize the flexibilities detailed in AB 2449 until the beginning of the 2023 calendar year. It is also important to note that the measure has a sunset date of January 1, 2026, meaning unless there is subsequent legislation to extend the bill’s provisions, it will become inoperative after three years.

AB-2449 Open meetings: local agencies: teleconferences. (2021-2022)

Date Published: 09/14/2022 09:00 PM

Assembly Bill No. 2449

CHAPTER 285

An act to amend, repeal, and add Sections 54953 and 54954.2 of the Government Code, relating to local government.

[Approved by Governor September 13, 2022. Filed with Secretary of State September 13, 2022.]

LEGISLATIVE COUNSEL'S DIGEST

AB 2449, Blanca Rubio. Open meetings: local agencies: teleconferences.

Existing law, the Ralph M. Brown Act, requires, with specified exceptions, that all meetings of a legislative body of a local agency, as those terms are defined, be open and public and that all persons be permitted to attend and participate. The act generally requires posting an agenda at least 72 hours before a regular meeting that contains a brief general description of each item of business to be transacted or discussed at the meeting, and prohibits any action or discussion from being undertaken on any item not appearing on the posted agenda. The act authorizes a legislative body to take action on items of business not appearing on the posted agenda under specified conditions. The act contains specified provisions regarding providing for the ability of the public to observe and provide comment. The act allows for meetings to occur via teleconferencing subject to certain requirements, particularly that the legislative body notice each teleconference location of each member that will be participating in the public meeting, that each teleconference location be accessible to the public, that members of the public be allowed to address the legislative body at each teleconference location, that the legislative body post an agenda at each teleconference location, and that at least a quorum of the legislative body participate from locations within the boundaries of the local agency's jurisdiction. The act provides an exemption to the jurisdictional requirement for health authorities, as defined.

Existing law, until January 1, 2024, authorizes a local agency to use teleconferencing without complying with those specified teleconferencing requirements in specified circumstances when a declared state of emergency is in effect, or in other situations related to public health.

This bill would revise and recast those teleconferencing provisions and, until January 1, 2026, would authorize a local agency to use teleconferencing without complying with the teleconferencing requirements that each teleconference location be identified in the notice and agenda and that each teleconference location be accessible to the public if at least a quorum of the members of the legislative body participates in person from a singular physical location clearly identified on the agenda that is open to the public and situated within the local agency's jurisdiction. Under this exception, the bill would authorize a member to participate remotely under specified circumstances, including participating remotely for just cause or due to emergency circumstances. The emergency circumstances basis for remote participation would be contingent on a request to, and action by, the legislative body, as prescribed. The bill, until January 1, 2026, would authorize a legislative body to consider and take action on a request from a member to participate in a meeting remotely due to emergency circumstances if the request

does not allow sufficient time to place the proposed action on the posted agenda for the meeting for which the request is made. The bill would define terms for purposes of these teleconferencing provisions.

This bill would impose prescribed requirements for this exception relating to notice, agendas, the means and manner of access, and procedures for disruptions. The bill would require the legislative body to implement a procedure for receiving and swiftly resolving requests for reasonable accommodation for individuals with disabilities, consistent with federal law.

Existing constitutional provisions require that a statute that limits the right of access to the meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating the interest protected by the limitation and the need for protecting that interest.

This bill would make legislative findings to that effect.

The California Constitution requires local agencies, for the purpose of ensuring public access to the meetings of public bodies and the writings of public officials and agencies, to comply with a statutory enactment that amends or enacts laws relating to public records or open meetings and contains findings demonstrating that the enactment furthers the constitutional requirements relating to this purpose.

This bill would make legislative findings to that effect.

Vote: majority Appropriation: no Fiscal Committee: no Local Program: no

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. Section 54953 of the Government Code, as amended by Section 3 of Chapter 165 of the Statutes of 2021, is amended to read:

54953. (a) All meetings of the legislative body of a local agency shall be open and public, and all persons shall be permitted to attend any meeting of the legislative body of a local agency, except as otherwise provided in this chapter.

(b) (1) Notwithstanding any other provision of law, the legislative body of a local agency may use teleconferencing for the benefit of the public and the legislative body of a local agency in connection with any meeting or proceeding authorized by law. The teleconferenced meeting or proceeding shall comply with all otherwise applicable requirements of this chapter and all otherwise applicable provisions of law relating to a specific type of meeting or proceeding.

(2) Teleconferencing, as authorized by this section, may be used for all purposes in connection with any meeting within the subject matter jurisdiction of the legislative body. If the legislative body of a local agency elects to use teleconferencing, the legislative body of a local agency shall comply with all of the following:

(A) All votes taken during a teleconferenced meeting shall be by rollcall.

(B) The teleconferenced meetings shall be conducted in a manner that protects the statutory and constitutional rights of the parties or the public appearing before the legislative body of a local agency.

(C) The legislative body shall give notice of the meeting and post agendas as otherwise required by this chapter.

(D) The legislative body shall allow members of the public to access the meeting and the agenda shall provide an opportunity for members of the public to address the legislative body directly pursuant to Section 54954.3.

(3) If the legislative body of a local agency elects to use teleconferencing, it shall post agendas at all teleconference locations. Each teleconference location shall be identified in the notice and agenda of the meeting or proceeding, and each teleconference location shall be accessible to the public. During the teleconference, at least a quorum of the members of the legislative body shall participate from locations within the boundaries of the territory over which the local agency exercises jurisdiction, except as provided in subdivisions (d) and (e).

(c) (1) No legislative body shall take action by secret ballot, whether preliminary or final.

(2) The legislative body of a local agency shall publicly report any action taken and the vote or abstention on that action of each member present for the action.

(3) Prior to taking final action, the legislative body shall orally report a summary of a recommendation for a final action on the salaries, salary schedules, or compensation paid in the form of fringe benefits of a local agency executive, as defined in subdivision (d) of Section 3511.1, during the open meeting in which the final action is to be taken. This paragraph shall not affect the public's right under the California Public Records Act (Division 10 (commencing with Section 7920.000) of Title 1) to inspect or copy records created or received in the process of developing the recommendation.

(d) (1) Notwithstanding the provisions relating to a quorum in paragraph (3) of subdivision (b), if a health authority conducts a teleconference meeting, members who are outside the jurisdiction of the authority may be counted toward the establishment of a quorum when participating in the teleconference if at least 50 percent of the number of members that would establish a quorum are present within the boundaries of the territory over which the authority exercises jurisdiction, and the health authority provides a teleconference number, and associated access codes, if any, that allows any person to call in to participate in the meeting and the number and access codes are identified in the notice and agenda of the meeting.

(2) Nothing in this subdivision shall be construed as discouraging health authority members from regularly meeting at a common physical site within the jurisdiction of the authority or from using teleconference locations within or near the jurisdiction of the authority. A teleconference meeting for which a quorum is established pursuant to this subdivision shall be subject to all other requirements of this section.

(3) For purposes of this subdivision, a health authority means any entity created pursuant to Sections 14018.7, 14087.31, 14087.35, 14087.36, 14087.38, and 14087.9605 of the Welfare and Institutions Code, any joint powers authority created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 for the purpose of contracting pursuant to Section 14087.3 of the Welfare and Institutions Code, and any advisory committee to a county-sponsored health plan licensed pursuant to Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code if the advisory committee has 12 or more members.

(e) (1) The legislative body of a local agency may use teleconferencing without complying with the requirements of paragraph (3) of subdivision (b) if the legislative body complies with the requirements of paragraph (2) of this subdivision in any of the following circumstances:

(A) The legislative body holds a meeting during a proclaimed state of emergency, and state or local officials have imposed or recommended measures to promote social distancing.

(B) The legislative body holds a meeting during a proclaimed state of emergency for the purpose of determining, by majority vote, whether as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees.

(C) The legislative body holds a meeting during a proclaimed state of emergency and has determined, by majority vote, pursuant to subparagraph (B), that, as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees.

(2) A legislative body that holds a meeting pursuant to this subdivision shall do all of the following:

(A) In each instance in which notice of the time of the teleconferenced meeting is otherwise given or the agenda for the meeting is otherwise posted, the legislative body shall also give notice of the means by which members of the public may access the meeting and offer public comment. The agenda shall identify and include an opportunity for all persons to attend via a call-in option or an internet-based service option.

(B) In the event of a disruption that prevents the legislative body from broadcasting the meeting to members of the public using the call-in option or internet-based service option, or in the event of a disruption within the local agency's control that prevents members of the public from offering public comments using the call-in option or internet-based service option, the legislative body shall take no further action on items appearing on the meeting agenda until public access to the meeting via the call-in option or internet-based service option is restored. Actions taken on agenda items during a disruption that prevents the legislative body from broadcasting the meeting may be challenged pursuant to Section 54960.1.

(C) The legislative body shall not require public comments to be submitted in advance of the meeting and must provide an opportunity for the public to address the legislative body and offer comment in real time.

(D) Notwithstanding Section 54953.3, an individual desiring to provide public comment through the use of an internet website, or other online platform, not under the control of the local legislative body, that requires registration to log in to a teleconference may be required to register as required by the third-party internet website or online platform to participate.

(E) (i) A legislative body that provides a timed public comment period for each agenda item shall not close the public comment period for the agenda item, or the opportunity to register, pursuant to subparagraph (F), to provide public comment until that timed public comment period has elapsed.

(ii) A legislative body that does not provide a timed public comment period, but takes public comment separately on each agenda item, shall allow a reasonable amount of time per agenda item to allow public members the opportunity to provide public comment, including time for members of the public to register pursuant to subparagraph (F), or otherwise be recognized for the purpose of providing public comment.

(iii) A legislative body that provides a timed general public comment period that does not correspond to a specific agenda item shall not close the public comment period or the opportunity to register, pursuant to subparagraph (F), until the timed general public comment period has elapsed.

(3) If a state of emergency remains active, or state or local officials have imposed or recommended measures to promote social distancing, in order to continue to teleconference without compliance with paragraph (3) of subdivision (b), the legislative body shall, not later than 30 days after teleconferencing for the first time pursuant to subparagraph (A), (B), or (C) of paragraph (1), and every 30 days thereafter, make the following findings by majority vote:

(A) The legislative body has reconsidered the circumstances of the state of emergency.

(B) Any of the following circumstances exist:

(i) The state of emergency continues to directly impact the ability of the members to meet safely in person.

(ii) State or local officials continue to impose or recommend measures to promote social distancing.

(4) This subdivision shall not be construed to require the legislative body to provide a physical location from which the public may attend or comment.

(f) (1) The legislative body of a local agency may use teleconferencing without complying with paragraph (3) of subdivision (b) if, during the teleconference meeting, at least a quorum of the members of the legislative body participates in person from a singular physical location clearly identified on the agenda, which location shall be open to the public and situated within the boundaries of the territory over which the local agency exercises jurisdiction and the legislative body complies with all of the following:

(A) The legislative body shall provide at least one of the following as a means by which the public may remotely hear and visually observe the meeting, and remotely address the legislative body:

(i) A two-way audiovisual platform.

(ii) A two-way telephonic service and a live webcasting of the meeting.

(B) In each instance in which notice of the time of the teleconferenced meeting is otherwise given or the agenda for the meeting is otherwise posted, the legislative body shall also give notice of the means by which members of the public may access the meeting and offer public comment.

(C) The agenda shall identify and include an opportunity for all persons to attend and address the legislative body directly pursuant to Section 54954.3 via a call-in option, via an internet-based service option, and at the in-person location of the meeting.

(D) In the event of a disruption that prevents the legislative body from broadcasting the meeting to members of the public using the call-in option or internet-based service option, or in the event of a disruption within the local agency's control that prevents members of the public from offering public comments using the call-in option or internet-based service option, the legislative body shall take no further action on items appearing on the meeting agenda until public access to the meeting via the call-in option or internet-based service option is restored. Actions taken on agenda items during a disruption that prevents the legislative body from broadcasting the meeting may be challenged pursuant to Section 54960.1.

(E) The legislative body shall not require public comments to be submitted in advance of the meeting and must provide an opportunity for the public to address the legislative body and offer comment in real time.

(F) Notwithstanding Section 54953.3, an individual desiring to provide public comment through the use of an internet website, or other online platform, not under the control of the local legislative body, that requires registration to log in to a teleconference may be required to register as required by the third-party internet

website or online platform to participate.

(2) A member of the legislative body shall only participate in the meeting remotely pursuant to this subdivision, if all of the following requirements are met:

(A) One of the following circumstances applies:

(i) The member notifies the legislative body at the earliest opportunity possible, including at the start of a regular meeting, of their need to participate remotely for just cause, including a general description of the circumstances relating to their need to appear remotely at the given meeting. The provisions of this clause shall not be used by any member of the legislative body for more than two meetings per calendar year.

(ii) The member requests the legislative body to allow them to participate in the meeting remotely due to emergency circumstances and the legislative body takes action to approve the request. The legislative body shall request a general description of the circumstances relating to their need to appear remotely at the given meeting. A general description of an item generally need not exceed 20 words and shall not require the member to disclose any medical diagnosis or disability, or any personal medical information that is already exempt under existing law, such as the Confidentiality of Medical Information Act (Chapter 1 (commencing with Section 56) of Part 2.6 of Division 1 of the Civil Code). For the purposes of this clause, the following requirements apply:

(I) A member shall make a request to participate remotely at a meeting pursuant to this clause as soon as possible. The member shall make a separate request for each meeting in which they seek to participate remotely.

(II) The legislative body may take action on a request to participate remotely at the earliest opportunity. If the request does not allow sufficient time to place proposed action on such a request on the posted agenda for the meeting for which the request is made, the legislative body may take action at the beginning of the meeting in accordance with paragraph (4) of subdivision (b) of Section 54954.2.

(B) The member shall publicly disclose at the meeting before any action is taken, whether any other individuals 18 years of age or older are present in the room at the remote location with the member, and the general nature of the member's relationship with any such individuals.

(C) The member shall participate through both audio and visual technology.

(3) The provisions of this subdivision shall not serve as a means for any member of a legislative body to participate in meetings of the legislative body solely by teleconference from a remote location for a period of more than three consecutive months or 20 percent of the regular meetings for the local agency within a calendar year, or more than two meetings if the legislative body regularly meets fewer than 10 times per calendar year.

(g) The legislative body shall have and implement a procedure for receiving and swiftly resolving requests for reasonable accommodation for individuals with disabilities, consistent with the federal Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12132), and resolving any doubt in favor of accessibility. In each instance in which notice of the time of the meeting is otherwise given or the agenda for the meeting is otherwise posted, the legislative body shall also give notice of the procedure for receiving and resolving requests for accommodation.

(h) The legislative body shall conduct meetings subject to this chapter consistent with applicable civil rights and nondiscrimination laws.

(i) (1) Nothing in this section shall prohibit a legislative body from providing the public with additional teleconference locations.

(2) Nothing in this section shall prohibit a legislative body from providing members of the public with additional physical locations in which the public may observe and address the legislative body by electronic means.

(2) A member of the legislative body shall only participate in the meeting remotely pursuant to this subdivision, if all of the following requirements are met:

(A) One of the following circumstances applies:

(i) The member notifies the legislative body at the earliest opportunity possible, including at the start of a regular meeting, of their need to participate remotely for just cause, including a general description of the circumstances relating to their need to appear remotely at the given meeting. (B) An online posting of an agenda including, but not limited to, an agenda posted in an integrated agenda management platform, shall be posted in an open format that meets all of the following requirements:

(i) Retrievable, downloadable, indexable, and electronically searchable by commonly used Internet search applications.

(ii) Platform independent and machine readable.

(iii) Available to the public free of charge and without any restriction that would impede the reuse or redistribution of the agenda.

(C) A legislative body of a city, county, city and county, special district, school district, or political subdivision established by the state that has an Internet Web site and an integrated agenda management platform shall not be required to comply with subparagraph (A) if all of the following are met:

The direct link to the integrated agenda management platform shall not be in a contextual menu. (D) For the purposes of this paragraph, both of the following definitions shall apply:

(i) "Integrated agenda management platform" means an Internet Web site of a city, county, city and county, special district, school district, or political subdivision established by the state dedicated to providing the entirety of the agenda information for the legislative body of the city, county, city and county, special district, school district, or political subdivision established by the state to the public.

(ii) "Legislative body" has the same meaning as that term is used in subdivision (a) of Section 54952.

(E) The provisions of this paragraph shall not apply to a political subdivision of a local agency that was established by the legislative body of the city, county, city and county, special district, school district, or political subdivision established by the state.

(3) No action or discussion shall be undertaken on any item not appearing on the posted agenda, except that members of a legislative body or its staff may briefly respond to statements made or questions posed by persons exercising their public testimony rights under Section 54954.3. In addition, on their own initiative or in response to questions posed by the public, a member of a legislative body or its staff may ask a question for clarification, make a brief announcement, or make a brief report on his or her own activities. Furthermore, a member of a legislative body, or the body itself, subject to rules or procedures of the legislative body, may provide a reference to staff or other resources for factual information, request staff to report back to the body at a subsequent meeting concerning any matter, or take action to direct staff to place a matter of business on a future agenda.

(2) Upon a determination by a two-thirds vote of the members of the legislative body present at the meeting, or, if less than two-thirds of the members are present, a unanimous vote of those members present, that there is a need to take immediate action and that the need for action came to the attention of the local agency subsequent to the agenda being posted as specified in subdivision (a).

(3) The item was posted pursuant to subdivision (a) for a prior meeting of the legislative body occurring not more than five calendar days prior to the date action is taken on the item, and at the prior meeting the item was continued to the meeting at which action is being taken.

(4) To consider action on a request from a member to participate in a meeting remotely due to emergency circumstances, pursuant to Section 54953, if the request does not allow sufficient time to place the proposed action on the posted agenda for the meeting for which the request is made. The legislative body may approve such a request by a majority vote of the legislative body.

(c) This section is necessary to implement and reasonably within the scope of paragraph (1) of subdivision (b) of Section 3 of Article I of the California Constitution.

(d) For purposes of subdivision (a), the requirement that the agenda be posted on the local agency's Internet Web site, if the local agency has one, shall only apply to a legislative body that meets either of the following standards:

(1) A legislative body as that term is defined by subdivision (a) of Section 54952.

SEC. 6. The Legislature finds and declares that Sections 1 and 2 of this act, which amend Section 54953 of the Government Code, impose a limitation on the public's right of access to the meetings of public bodies or the writings of public officials and agencies within the meaning of Section 3 of Article I of the California Constitution. Pursuant to that constitutional provision, the Legislature makes the following findings to demonstrate the interest protected by this limitation and the need for protecting that interest:

By removing the requirement for agendas to be placed at the location of each public official participating in a public meeting remotely, including from the member's private home or hospital room, this act protects the personal, private information of public officials and their families while preserving the public's right to access information concerning the conduct of the people's business.

SEC. 7. The Legislature finds and declares that Sections 1 and 2 of this act, which amend Section 54953 of the Government Code, further, within the meaning of paragraph (7) of subdivision (b) of Section 3 of Article I of the California Constitution, the purposes of that constitutional section as it relates to the right of public access to the meetings of local public bodies or the writings of local public officials and local agencies. Pursuant to paragraph (7) of subdivision (b) of Section 3 of Article I of the California Constitution, the Legislature makes the following findings:

This act is necessary to ensure minimum standards for public participation and notice requirements allowing for greater public participation in teleconference meetings.

IEP Implementation Update

Shiyloh Duncan-Becerril, Associate Director
Special Education Division

CALIFORNIA DEPARTMENT OF EDUCATION

Tony Thurmond, State Superintendent of Public Instruction

Court Requirement

- State found out of compliance with federal law because it did not adequately collect data regarding the implementation of student with disabilities (SWD) individual education programs (IEPs)
- State ordered to develop an annual data collection that speaks directly to LEAs' performance in providing all of the services promised to SWD in their annual IEPs

Court Approval and Next Steps

- Court approved Special Education Division's (SED's) data collection proposal to:
 - Direct LEAs annually to **track delivery of service minutes** for each student with an IEP
 - Direct LEAs to **report data** on delivery of service minutes to **CDE annually** in a valid and reliable manner using a sample of students within the LEA
 - Employ a method that ensures the validity and reliability of the data collected from the LEAs
 - Analyze the valid and reliable data to determine the appropriate metric/cutoff as to which LEAs should be selected for further intervention in the area of IEP implementation
- The SED will conduct a pilot in the Spring of 2022, with the intent to collect statewide IEP implementation data in **SY 22-23**

Overview of Annual Data Collection

- LEAs are directed to annually track delivery of service minutes for each student with an IEP
- SED will identify a *random/sample of students for a specified amount of time* for the LEA and SELPA and provide the list
- LEAs will review and report implementation information for the sample of their SWDs each year and certify that data are accurate

Overview of Annual Data Collection

- The collection will be separate from CALPADS
- Annual collection slated for SY 22-23
 - *5% of SWD - Random Selection*
- *Data will be used to identify LEAs in need of monitoring and support in subsequent monitoring years*
 - *100-95% of Services Received*
 - *94.9-90% of Services Received*
 - *Less than 90% of Services Received*

Overview of Annual Data Collection

- While not required for the pilot, upon certification of annual data, SED will require that each *LEA Superintendent certify* that data are accurate and that *school principals* have certified to the LEA's Superintendent that *data are accurate*. SELPA will also provide a certification of the data.
- CDE may follow up with LEA/SELPA to fine-tune data validation protocols and procedures

Alternative Diploma

2022 California Education Budget Trailer Bill
(AB 181)

New Diploma of Graduation from High School

As part of the **2022 California Education Budget Trailer Bill (AB 181)** and effective June 30, 2022, Section 51225.31 was added to the Education Code which established a new high school diploma pathway exclusively for students with significant cognitive disabilities in alignment with the federal Every Student Succeeds Act (“ESSA”).

Qualifying students who currently do not have a pathway to a diploma and who take the California Alternate Assessments (“CAA”), may obtain a diploma (*Alternate*) of graduation from high school if they meet the state’s minimum coursework requirements (based on the alternate achievement standards).

This new Section 51225.31 diploma is not the same as a regular high school diploma. As such, its award does not change an LEA's obligation to provide a FAPE to eligible students and does not constitute a change in placement like the award of a regular high school diploma would. Students awarded a Section 51225.31 diploma must be permitted to participate in graduation ceremonies and activities with similar age peers but such participation does not end their right to a FAPE.

- *Students receiving this alternate diploma may continue their education with the district until they age out at 22 years old.*

New IEP Procedural Requiremen

- In order to ensure compliance with this new law, **before a student commences grade 10**, the student's IEP team must determine and notify the student's parent or guardian whether the student may be eligible to graduate with a high school diploma under Section 51225.31. In order to be eligible for a Section 51225.31 diploma, the student's IEP must accordingly provide that:
 - a) The pupil is required to take the **CAA in grade 11**; and
 - b) The pupil is required to **complete state standards-aligned coursework** meeting the California statewide minimum coursework requirements (modified to alternative achievement standards) specified in Section 51225.3.

Which Students Does this Apply To?

it is important to remember that this new diploma pathway will only apply to a narrow sub-group of students with significant cognitive disabilities who take the CAA, and who have taken or plan to take the statewide coursework minimum requirements for graduation (modified to alternative achievement standards).

Example Situations

According to CDE's Alternate Assessment IEP Team Guidance, an IEP team's determination that a student has a specific learning disability will rule out the student for consideration as being identified as cognitively impaired for purposes of the CAA. Accordingly, such student would not be eligible for a Section 51225.31 diploma.

We recommend that IEP teams carefully review [CDE's Alternate Assessment IEP Team Guidance](#) to assist in appropriately identifying students for alternate assessments, a preliminary requirement to a Section 51225.31 diploma.

Additional considerations

District's must adhere to the ESSA's 1% cap for students taking the CAA, as those exceeding this threshold may be subject to enhanced monitoring, and recognition that even if a student does take the CAA, if they take a functional curriculum rather than courses meeting statewide minimum requirements, they will not qualify for a Section 51225.31 diploma

****Students must be enrolled in the courses meeting statewide minimum requirements (ex. Extended Algebra)***

When Does This Go Into Effect

Students who will commence grades 10, 11 or 12 in the 2022-2023 school year, who took or will take the CAA in 11th grade, could be eligible for a Section 51225.31 diploma if their IEP meets the two requirements.

Depending on currently graduation requirements, LEAs need to:

1. Identify students in 10th and 11th grade who are or may be eligible to take the CAA in 11th grade (or students in 12th grade who took the CAA in 11th grade); and
2. Convene IEP meetings for these students (or amend IEPs with parent agreement) to document their participation in the CAA in 11th grade, if appropriate; reflect that the student will complete state standards-aligned coursework meeting the California statewide minimum coursework requirements, if appropriate; and notify the student's parent or guardian whether the student may be eligible to graduate with a high school diploma under Section 51225.31

What is a Significant Cognitive Disability

1. Review of the student's school records indicates a disability or multiple disabilities that significantly impact intellectual functioning and adaptive behavior essential for a person to live independently and to function safely in daily life. Having a significant cognitive disability is not determined by an IQ test score; rather, a holistic understanding of the student is required. **Students identified with a specific learning disability cannot also be identified as cognitively impaired**, as the determination of a specific learning disability rules out cognitive impairment. IEP teams should be careful to consider the following:
 - Conceptual skills—language and literacy; money, time, and number concepts; and self-direction
 - Social skills—interpersonal skills, social responsibility, self-esteem, gullibility, naïveté (i.e., wariness), social problem solving, and the ability to follow rules/obey laws and to avoid being victimized
 - Practical skills—activities of daily living (personal care), occupational skills, health care, travel/transportation, schedules/routines, safety, use of money, use of the telephone. As part of the IEP team decision, the team also should consider the following:

As part of the IEP team decision, the team also should consider the following:

- Community environment typical of the student's peers and culture
- Linguistic diversity
- Cultural differences in the way people communicate, move, and behave

Our Speakers

Ami Davis (she/they) will take you on an emotional journey back in time to what it was like to be a young Queer student in a small, conservative town. In an effort to support more people being what she needed, Ami will share the good, the bad, the dark, the pain, and the love and light that led to them not only surviving, but eventually healing and thriving. Thriving so much so that now, she gets to go back to some of those darkest spaces and fill them with light of her own for those growing up now. There is a formula to seeing young people, really seeing them. There is a way of hearing them, really hearing them. There is an answer to the negative outcomes we see such as suicide and drop out rates and Ami is going to guide you on the journey there, to how we can all work together to make it hard to hate.

Aiden and Marsha will walk participants through their personal stories, the lessons they learned from this journey, and how people can be better allies and supporters of LGBTQ+ people in their lives. Participants will have the opportunity to ask questions, discuss with others, and share with the larger group.

Mattie Saint Montaye's presentation - No Guts, No Glitter - will cover a wealth of information of the queer community where you will gain a better understanding of sexuality, gender identity, and gender expression. You will also gain insight of the Transgender Experience of a trans woman living in the rural High Desert community of southern California.

Fiscal Year 2021–22

Due Date: **October 1, 2021**

As a condition of receiving funding, the special education local plan area shall, on or before October 1, 2021, work with its member local educational agencies to develop and submit a plan to the Superintendent of Public Instruction.

The requirement states the plan must include:

- how the special education local plan area and its member local educational agencies will implement the requirements;
- detailed proposed expenditure information broken down by eligible activity;
- the number, disabilities, and demographics of pupils proposed to be served.

If the SELPA has LEAs that are using their allocations in different ways due to the unique needs of the LEA, the SELPA submits a separate plan for LEAs that addresses their intent to use funds under one SELPA submission.
