7.0 CHIEF EXECUTIVE OFFICER AND STAFF REPORTS

7.1 Educationally Related Mental Health Services (ERMHS) Funding Information

Pam Bender provided Educationally Related Mental Health Services (ERMHS) funding information. She and Marina Gallegos reviewed the Average Daily Attendance (ADA) and projected funding for each LEA, as well as the client count and number of services being provided. Pam continued that they also looked at the projected number and cost for clinical staff including salary and medical benefits for each LEA. She said providing these figures will allow the LEAs to see what mental health services for students in special education they could provide if they decided to hire their own clinical staff. Desert Mountain Children's Center (DMCC) provides more services than what ERMHS funding covers including residential placement. Pam said federal funding will continue to go through the SELPAs. ERMHS has been expanded to include students in general education and those students were not accounted for in the presented figures. Pam continued there are four SELPAs presenting to Advisory Commission on Special Education regarding how returning ERMHS funding to LEAs will impact students. Pam reported there was additional information in the meeting materials regarding fee-for-service amounts. She asked the council members to review the information and share it with their boards so that the council can possibly take action at the March 10, 2023 meeting to create Memorandum of Understanding (MOU) to continue to fund the programs in the current manner. Pam would like to have a conversation with each of the superintendents about the funding. She advised that if LEAs keep the ERMHS funding, it would cause a significant loss of CAHELP, JPA staff. Pam continued if funding does go to SELPA, the MOUs would be developed with each district. She shared there are several SELPAs throughout the state who have developed MOUs with their districts agreeing that funding will continue to go through SELPA.

Pam confirmed March 15 is the layoff notice date for SBCSS employees. Regarding First Right of Refusal, Pam referred to California Education Code 44903.7 for certificated staff and 45120.2 for classified staff. She shared she is talking with other SELPAs on how they have managed First Right of Refusal. If this is covered by program transfer regulations, there is a 366-day notice that must be provided but if it is less than 366 days, CAHELP, JPA Governance Council can vote to waive that timeline.

There was consensus for Pam to meet with the superintendents and their fiscal staff to review the data and to have a Special Governance Council meeting.

Marina Gallegos shared DMCC has a contract with Department of Behavioral Health (DBH) that has a local requirement to make a match to access funding. DBH does not have enough money locally so DMCC has been using Assembly Bill (AB) 114 funding to make the match. CAHELP has approximately \$21 million in DBH contracts with DMCC providing approximately \$1.7 million match. That funding will be lost if DMCC cannot match. She concluded there is more value when funding moves through SELPA at almost an extra \$17 million in total with the Department of Behavioral Health contract.

7.2 Learning Recovery Support, Dispute Prevention and Resolution Funds Update

Pam Bender provided a Learning Recovery Support and Dispute Prevention and Resolution Funds update. She stated that the special education directors have been updated on the funding amounts and plans to ensure they know how to submit for reimbursements. Pam stressed the funding will be returned to CDE if not used by the LEAs.

Marina Gallegos stated the one-time state funding for Learning Recovery Support and Dispute Prevention and Resolution is to support students who experienced losses as a result of COVID-19 between March 13, 2020 and September 1, 2021. Marina reviewed the allocations and balances for each LEA. She said she has reviewed the LEA's Financial Activity Reports for expenditures that could be claimed under these funds and provided those figures as well. Marina stated the funds must be encumbered by June 30, 2023 and expended by September 30, 2023. She continued that many LEAs are making increased local contributions to Maintenance of Effort (MOE) and that by using these one-time funds, some LEAs can decrease the amount of the local contributions and pass MOE. Marina said there is also the option to claim prior year expenditures which would result in a revenue transfer. She reminded the committee members that the same information has been provided to the fiscal departments of the LEAs. Marina agreed to meet with any superintendent, special education director, and fiscal contact of any LEA interested in that opportunity.

7.3 Alternative Diploma Update

Pam Bender presented a PowerPoint on the alternative diploma pathway. She explained as part of Assembly Bill (AB) 181 and California Education Code Section 51225.31 is establishing a new high school diploma pathway exclusively for students with significant cognitive disabilities instead of a certificate of completion. Pam said a student can be awarded the alternative diploma if they have met the graduation requirements the LEA has developed. She continued that before commencing 10th grade, the IEP team needs to determine whether the student is eligible to participate in the graduation standards and the student must take the California Alternative Assessment (CAA) in 11th grade. A student who is in functional skills program is not eligible but a student that needs differential standards for aligned coursework is. Pam said eligible students are those with significant disabilities and are generally in the most severe classes. The student must also be identified as cognitively impaired and not eligible for general education diploma. An

LEA will continue to be obligated to provide free appropriate public education (FAPE) until the student is 22 years of age even if they earn an alternative diploma. Pam shared CDE has an Alternative Assessment IEP Committee to assist in developing the guidelines and requirements. Pam reminded the committee members that students who take the CAA are 1% of the special education population so no more than that should be eligible for the alternative diploma. Pam restated the LEAs are to determine what their eligibility requirements will be. In closing, Pam confirmed the alternative diploma will not look any different from a traditional diploma and the student records will not say “modified”.

7.4 Tracking of Service Minutes-IEP Implementation and Monitoring

Pam Bender presented a PowerPoint with information regarding the tracking of service minutes. She said the federal government found California Department of Education (CDE) was not adequately collecting data regarding Individualized Education Plan (IEP) implementation. In response, CDE was ordered to develop an annual data collection plan. Pam stated CDE will identify 5% of students with disabilities in each district over a 60-day period and review what services were listed on the IEP and what services were provided. She continued that CDE will compile the data to identify LEAs in need of monitoring and support in the subsequent monitoring years: 100-95% of services received, 94.9-90%, and less than 90%. CDE has not yet provided the means to collect the data, but Pam has advised the special education directors that tracking was to start at the beginning of the 2022-23 school year. Pam said that IEP service minutes can be documented in a number of ways including service logs, attendance in self-contained classrooms, and Medi-Cal billing. She reported that Special Education Information System (SEIS) does track services and that will help beginning in 2023-24 when the contract begins. Pam said if services were not provided because the provider was not available, the service minutes must be made up. If the student is absent, the minutes do not have to be made up. CDE will provide the student names or Statewide Student Identifier (SSID) that they will be reviewing for a specific timeframe. Pam said at this time, CDE has not given the date for when their review list will be released. She continued that the LEA staff will gather the information and provide it to the superintendent to sign off, it will then be given to SELPA to sign off before returning to the LEA for submission to CDE.

Ross Swearingen said California Teachers Association (CTA) has started to be discuss service minute tracking in their negotiations.

7.5 2023-24 CAHELP JPA Governance Council Meeting Dates and Location

Pam Bender led a discussion regarding 2023-24 CAHELP JPA Governance Council meeting dates and location. The consensus was for the meetings to remain in the desert mountain region. It was suggested that Pam, Ross Swearingen, and Matt Wells, director of Mountain Desert Career Pathways (MDCP) coordinate their meetings to be held one after the other at Desert Mountain Education Service Center. Pam said she will work to schedule a meeting with Matt Wells and the CAHELP JPA Governance chairperson to discuss coordinating meetings.

7.6 Resolution Support Services Update

Kathleen Peters provided an update on Resolution Support Services for DMSELPA and Desert Mountain Charter SELPA (DMCS). Kathleen also reported a March Key2Ed training is being postponed due to lack of participants. She added the upcoming Core Communication Skills training is at capacity.

7.7 Prevention and Intervention Update

Pam Bender called on Deborah Sarkesian to provide a Prevention and Intervention update. Deborah explained that the Positive Behavioral Interventions and Supports (PBIS) team has become the Prevention and Intervention (P&I) team which provides PBIS supports as well as mental health supports and social emotional learning supports.

7.8 Compliance Update

Pam Bender provided an update on compliance. She said there are two districts in significant disproportionality with their plans submitted and approved by CDE. Pam continued there are a few LEAs involved in Small School Monitoring that will be in a three-year cycle with one third of schools with less than 100 students in special education being reviewed each year. For this year, the Policy and Procedures portion was due before winter recess with Educational Benefit Review submitted on January 31, 2023 then IEP Service Review will be next.

7.9 Desert Mountain Operations Referrals and Need for Space

Pam Bender provided information on Desert Mountain Operations referrals and their need for additional space. She said Rich Frederick will attend the March 10, 2023 CAHELP, JPA Governance Council meeting to present information on the increase in referrals and the need for additional space for the increase in the number of students.

8.0 INFORMATION ITEMS

8.1 Professional Learning Summary

Heidi Chavez provided the professional learning summary. She then reported the next Community Advisory Committee (CAC) meeting is scheduled in February with Apple Valley USD hosting. She said representatives from each district are needed as well as chairperson and co-chairperson. Heidi said having LEA representatives attending the CAC meetings is a requirement of being a SELPA member.

Heidi stated the I-MTSS Symposium will be held on March 8, 2023 and is limited to 300 participants. At a date following the symposium, speaker Ami Davis will return to DMESC to

Pam thanked the council members that attended in-person as it is helpful for discussion and interaction.

5.0 INFORMATION / ACTION

5.1 Educationally Related Mental Health Services (ERMHS) Funding

Pam Bender proposed Educationally Related Mental Health Services (ERMHS) funding continue to pass through CAHELP JPA from member LEAs. The change in distribution of the ERMHS funding is listed in Trailer Bill 181 and was included in the Governor’s budget. Pam shared that she and Linda Llamas presented for the CDE Advisory Commission on Special Education (ACSE) on February 16, 2023 on the impact the change of funding distribution will have on different SELPAs. Pam reported that from January 1, 2021 through December 31, 2022, Desert Mountain Children’s Center had 78 staff resignations and at this time, 56 of the positions have been filled. Those numbers reflect that it is difficult to find qualified applicants. Pam confirmed that currently

MINUTES

ERMHS funding moves from CDE to SBCSS then SBCSS transfers it to the SELPA. If it is determined to continue with the same system of services as is currently, the flow of the funds would remain the same. Pam continued the CAHELP JPA Governance Council can ask for the funding to come directly to SELPA with a journal note in the funding process or it could flow from SBCSS to the district with the district making the journal note and then transfer the funds to DMSELPA. Pam suggested that if it is approved for funding to continue through DMSELPA, that the discussion at the March meeting be on the process. Pam recommended the funding continue to go through SELPA in order for the students to remain receiving the current services and continuing the match with Department of Behavioral Health to provide services for all children.

5.1.1 **BE IT RESOLVED** that a motion was made by Lisa Lamb, seconded by Sebastian Cogna to approve ERMHS funding continue to pass through CAHELP JPA from member LEAs as presented. The motion failed on the following vote: 0:12:0: Ayes: None, Nays: Clark, Cogna, Edwards, Heitman, Holman, Lamb, Livingston, Najera, Nelson, Olney, Swearingen, D, and Swearingen, R, Abstentions: None.

BE IS RESOLVED that an amended motion was made by Peter Livingston, seconded by Trena Nelson, to approve adding language to include in the Local Plan to continue the pathway of ERMHS funding from SBCSS to CAHELP JPA/DMSELPA. The motion carried on the following vote: 12:0:0: Ayes: Clark, Cogna, Edwards, Heitman, Holman, Lamb, Livingston, Najera, Nelson, Olney, Swearingen, D, and Swearingen, R. Nays: None, Abstentions: None.

In the discussion, it was confirmed the funding received by the districts would reflect as revenue but if the district contracts with DMSELPA, the funds transferred out would reflect as expenditure. Pam informed the council members that SBCSS Human Resources reported there will be no layoffs in the 2023-24 school year so meeting the March 15 layoff notice deadline is not a concern. There was discussion about presenting information to district boards on the importance of ERMHS funding continuing to pass through to DMSELPA by adding language to the Local Plan in an amendment. Pam will provide a history of ERMHS funding as well as sample Local Plan language for the superintendents to present to their district boards for approval.

6.0 GOVERNANCE COUNCIL MEMBERS COMMENTS / REPORTS

Desert Mountain SELPA Local Plan (Section B- Governance and Administration) draft language:

Transfer of Federal and State Educationally Related Mental Health Services Funds from Member LEAs to SELPA via the Administrative Unit

Under current law, state (SACS resource code 6546) and federal (SACS resource code 3327) funds for educationally related mental health services ("ERMHS") for students eligible for special education and related services are distributed to the Desert Mountain SELPA(DMSELPA) on behalf of member LEAs. The funds are received by San Bernardino County Superintendent of Schools, the Administrative Unit (AU), on behalf of the DMSELPA. Historically, the SELPA has provided mental health services to member LEAs through a Fee for Service model and contracts with San Bernardino County Department of Behavioral Health (DBH). When AB114 (ERMHS funding) was enacted in 2011, the local California Association of Health and Education Linked Professions, Joint Powers Authority (CAHELP JPA)/DMSELPA Governance Council, voted to create a SELPA-wide consortia providing Educationally Related Mental Health Services. All state and federal mental health funds are currently retained at the SELPA for services to member LEAs. The Governor's 2022-2023 State Budget included a shift in distribution of these funds to individual LEAs which was postponed and reintroduced for the 2023-2024 school year. Member LEAs of the CAHELP JPA/Desert Mountain SELPA have a history of collaborative local decision-making ensuring the full continuum of services, including ERMHS, are available to all students served by the SELPA. Member LEAs recognize that, if the shift in funding distribution goes into effect, it will result in significant and unnecessary changes to the manner in which ERMHS services are provided. Changes from the shift in funding distribution will result in program, funding, and staffing challenges that will impact the quality of services to students, families, and staff across the SELPA. To avoid the unnecessary changes and resulting consequences of shifting the distribution of funds directly to LEAs, the Parties desire to maintain CAHELP JPA/DMSELPA's current structure for distributing state and federal ERMHS funds.

If the state changes the way in which these state and federal funds are distributed, member LEAs agree that the allocation for state principal apportionment for state ERMHS (6546) and federal ERMHS (3327) funds will be transferred from the San Bernardino County Superintendent of Schools as the Administrative Unit ("AU") to the Desert Mountain SELPA. Regardless of the distribution method determined by the state, CAHELP JPA/DMSELPA will continue to utilize the funds to provide the ERMHS programs and services at the SELPA consortia level. If any changes in these services are required, changes will be determined by the CAHELP JPA Governance Council based on local needs
